Executive Director's Note

2019 ... The Road to 2020

Elections. Radio. Languages, Focus and Funding

In the eight years that I've led the team at EiE, 2019 was likely my most difficult year. A key member of our team stepped out in Q4 2018 to extend our values and contribute to nation-building in a different context. I then had to be more hands-on with operations and programs as we struggled with the recruitment of competent and complementary human capital needed to work effectively and efficiently. Financial resources were also a constraint, as our three-year grant from Omidyar (co-grantee with Viamo) ended and it wasn't extended as we had anticipated. Unlike the previous two election cycles, we did not receive any core **funding** for our election work. Given these challenges, we were not as productive as we could have been, but we still had significant successes.

> ***"We are clear that there is still a lot of work to be done and we are committed to doing all we can to educate Nigerians on their rights and responsibilities so we can collectively build the Nigeria of our dreams."***

It was very rewarding to watch my team step up and push themselves so we could achieve our objectives. Of particular note are two team members - (1) **Dapo Awobeku,** a *Program Officer,* who stepped up to become our unofficial 'grant writer'! By the end of the year, he had put us at the final stage of a grant we had applied for unsuccessfully in 2016 (2) **Adeoluwa Adebayo,** a *Creative Associate,* who took on the role of Program Manager for our EiE @ 10 activities.

In writing grant proposals and ensuring our human resources were deployed effectively, we reviewed our activities and streamlined our focus areas. This was the first time since our 2011 Strategy Session with Fela Durotoye that we would review our work and be deliberate about 'program buckets'. The process resulted in three program **focus** areas - (1) Elections - #RSVP; (2) #OfficeOfTheCitizen; and (3) Legislative Advocacy - #OpenNASS & #MySHA.

This year's general **elections** were our third cycle as we started operations a few months before the 2011 elections. ***The People's Debate*** was the highlight of our election work. For the **FIRST** time in Nigeria's history, a broadcast (live or recorded) occurred in more than two languages! In 2017 during the *Anambra Governorship Debate* that we co-hosted with Channels TV, the debate was broadcast live in English & Igbo on TV and radio for the first time. In 2018, we continued the tradition in our partnership with TVC Communications as the *Osun Governorship Debate* was simulcast in English & Yoruba on radio and TV.

The People's Debate was a presidential and vice-presidential debate with the leading alternative candidates. The Vice-Presidential debate was simulcast in **5 languages** - English, Hausa, Igbo, Pidgin & Yoruba; while the Presidential debate was simulcast in 4 languages - English, Hausa, Igbo, & Yoruba. Not only could the conversation be accessed in different languages, it was also available on different platforms - radio, TV, online. We are very proud to have recorded this **historic** multi-language, multi-media broadcast.

On a final note, our **radio** footprint of **27 programs in 26 states** was a very significant achievement from 11 programs in 9 states and the FCT. Unfortunately, due to funding, we had **5 programs in 4 states** at the end of the year. We are hopeful we will have a radio program in all 36 states by the end of 2021!

The year 2020 will mark 10 years of hard work with lean resources. Nevertheless, we are clear that there is still a lot of work to be done and we are committed to doing all we can to educate Nigerians on their rights and responsibilities so we can collectively build the Nigeria of our dreams.

On behalf of the EiE Team, I am grateful to our partners who continue to walk this journey with us. As we reflect on the 10 years since the historic 2010 protest, we hope you will share your thoughts on what's working and what we can do better. We look forward to appreciating you in person at our 10th anniversary events!

Thank you!

R REGISTER S SELECT V VOTE NOT FIGHT P PROTECT

Reached **23,000+ Nigerians,** educating them on the INEC Continuous Voters' Registration (CVR) exercise via our IEC materials. Our aim was simple; *Nigerians needed to know the importance of their votes and we used every available platform to get this message across to them.*

Directly engaged **1,046 Nigerians** with complaints regarding the INEC CVR process on our GoVote website. Through this, we helped citizens register to vote; get their Voters' Cards; replace lost cards and change their addresses.

For the first time in the history of debates in Nigeria, citizens could listen live in five languages!

DEBATES & TOWN HALL MEETINGS

Towards the general elections in February and March, we provided platforms - *debates and town hall meetings* - for citizens to make informed choices about who to elect. This is the **'S' (Select)** component of the #R**S**VP campaign.

We paid special attention to legislative candidates as citizens focus more on presidential & governorship candidates during elections. Through these platforms, citizens got real-time answers to questions and issues that matter to them!

Dilapidated School Fixed in Zamfara

In one of the episodes on #OOTCZamfara on Pride 103.5FM, the deplorable state of Jama'atul Nasir Islam Primary School, Government Day Secondary School and Danturai Government Day Secondary School in Birnin Ruwa, where students learned in dilapidated buildings was discussed.

The conversation encouraged members of the community affected to demand that the Zamfara State government commence renovation of the schools. Weeks later, government representatives visited the schools & a renovation contract was awarded.

Victory for Okada Riders in Enugu

In Enugu, commercial motorcycle operators in Emene-Nkwubor suburb in Enugu East LGA were extorted for years by police officials who falsely claimed to be enforcing the ban on Okada riders in the state metropolis.

This claim was unfounded as the road in question was not under the state metropolis (where the ban covers). They called during one of the OOTC programs on Solid 100.9FM to complain and this was followed up and escalated quickly.

The state's Commissioner of Police, Sulaiman Balarabe, was reached and he went to the Emene Police Station where he ordered the release of impounded bikes and an end to the illegalities. He also set up a committee to investigate similar issues in the state.

5 Lawsuits

PUBLIC INTEREST LITIGATION

We **challenge laws & actions** that are **against the interest of citizens** in court.

SUCCESS

- Obafemi Awolowo University (OAU) did not respond to our Freedom of Information (FoI) request for their 2015 financials that was sent to them in 2017. After violating the FoI Act, **we filed a lawsuit in June 2017 and got judgement in our favour in November 2017**. The document was eventually sent in 2019.

- In a suit filed by SERAP in February 2018, a Federal High Court in Lagos, in December 2019, ordered the Attorney General to institute appropriate legal actions to challenge the legality of states' laws permitting former governors, who are now senators and ministers to enjoy governors' emoluments and to identify those involved and seek full recovery of public funds from the former governors.
  The spirit of the suit is similar to one we filed in August 2014.

COURT CASES

- Challenging INEC for failure to respond to Freedom of Information request for a **breakdown of 2019 general elections results by polling unit (PU).**

- Challenging INEC for failure to respond to Freedom of Information request for a **breakdown of card reader usage by states in the 2019 general elections.**

- Challenging the **plan to spend N5.5bn on new luxury cars** for members of the National Assembly. (with SERAP & BudgIT)

- Challenging the **legality of N4.68bn "Welcome Package'** for members of the National Assembly. (with SERAP & BudgIT)

- Compelling EFCC, ICPC and the Nigeria Police to **probe the video allegedly showing the Governor of Kano State, Ibrahim Ganduje receiving bribes.**

Freedom Rally

Co-led the **Freedom Rally** on **Monday December 23rd** in Lagos and Abuja which demanded adherence to court orders by the federal government and highlighted the shrinking civic space in Nigeria.

Sambo Dasuki and Yele Sowore who were still in jail despite court orders granting them bail were **released on Tuesday December 24th.**

Freedom Rally Demands

DAY 1 ✓ President Muhammadu Buhari to show accountability as President and Commander-in-Chief and address the nation on his commitment to the rule of law and human rights.

- The release of all illegally detained persons by the DSS as revealed by Amnesty, Premium Times & Punch Newspapers in recent months.
- That the government obey all outstanding court orders.

DAY 2 ✓ An investigation of the officers who violated protocol and the circumstances leading to Omoyele Sowore's 2nd arrest.

DAY 15 ✓ The unconditional release of Omoyele Sowore per his bail terms.

VICTORY FOR THE OFFICE OF THE CITIZEN

#JusticeForShawn

- In December 2015, Lilian Essien was laden with the pain of losing her almost 3-year-old son, Shawn, to medical negligence. She petitioned the Medical & Dental Council of Nigeria (MDCN) in February 2016 and on Tuesday, July 9, 2019, Dr. Nwiku Mezie Vitalis was found guilty of medical negligence.
- We connected the Essien family to Templars and supported them through the process. Templars provided pro bono legal counsel.

#FreeSowore

- Amplified with results the indiscriminate arrest & trial of Omoyele Sowore and Olawale Bakare by the State Security Service for organizing the #RevolutionNow protest.

LEGISLATIVE ENGAGEMENT & ADVOCACY

Facilitate productive engagement with citizens and their representatives at the federal and state levels while promoting transparency & accountability.

Our goal is to have the National Assembly turn these demands into a policy document.

#OpenNASS

is a campaign that demands an open, transparent and accountable National Assembly. Our advocacy tatics include protests, FoI requests, media engagements and citizen education.

1

MAKE PUBLIC DETAILS OF THE NATIONAL ASSEMBLY'S BUDGET

After 4 years of continuous advocacy, the National Assembly eventually made details of its 2017 budget of ₦125billion public but the 2018 budget was not made public. President Buhari signed the 2019 national budget into law on May 27th but the breakdown of funds allocated to the National Assembly in 2019 is **YET TO BE MADE PUBLIC.**

2

REPLACE VOICE VOTING WITH ELECTRONIC VOTING

It is not enough to adopt electronic voting; **the voting records must be made public** so citizens can track their representatives' position on national issues.

3

MAINTAIN A FUNCTIONAL WEBSITE & MAKE PUBLIC THE ATTENDANCE RECORDS AT PLENARY

The contact details of members of the National Assembly are updated on the website, except that of a few legislators. It is not enough to adopt an e-attendance register, **the attendance records of plenary should be uploaded on the website.**

SUCCESS

Finally, on Wednesday, July 3, 2019 the **House of Representatives adopted electronic attendance register & electronic voting on bills and legislation.** This was a great achievement for Goals 2 & 3 of the campaign.

#OpenNASS

UNLAWFUL DEFECTIONS

In 2019, Legal Defence and Assistance Project (LEDAP) got judgement on the court case instituted against defecting federal legislators. However, their plea to get the lawmakers suspended wasn't accepted as the judge stated they lacked locus standi to institute the case.

EiE alongside 13 individuals in the affected states instituted a similar court case in August 2018 which has been adjourned till February 2020.

13 SENATORS

OPEN STATE ASSEMBLIES

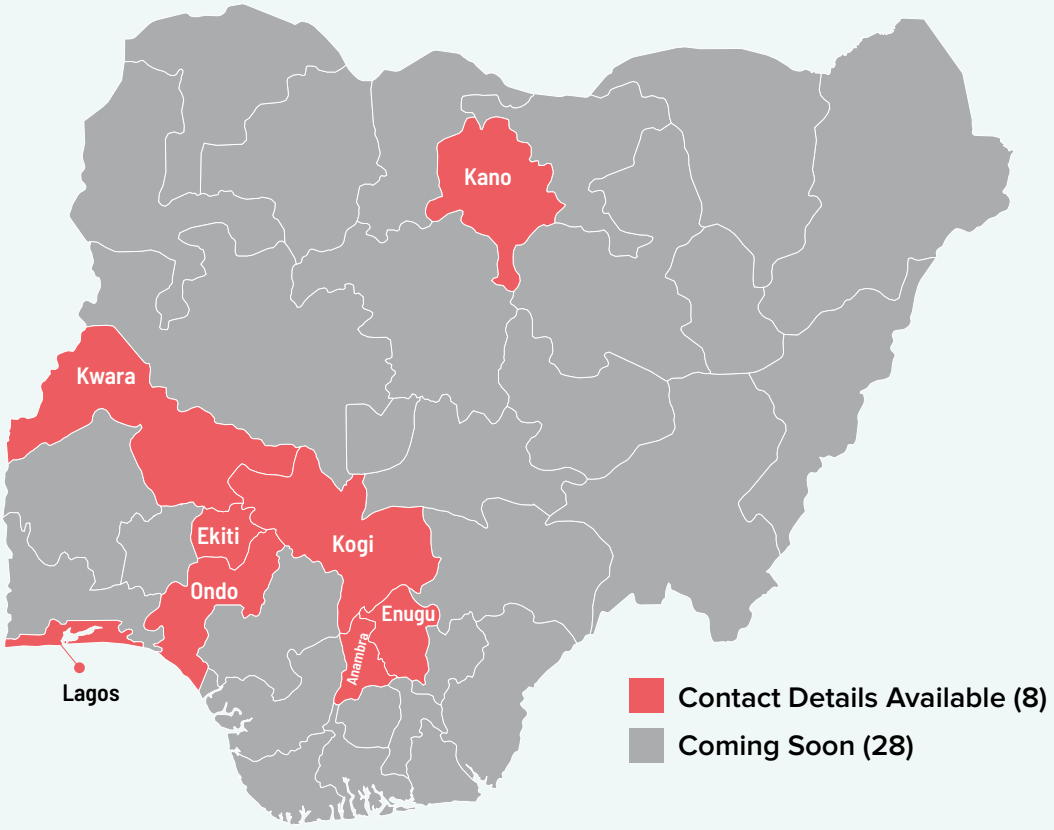

Our goal is to have contact details of state legislators in all 36 states covered in 2020!

We expanded our **ShineYourEye** platform to include contact details of members of State Houses of Assembly so citizens can engage them in addition to federal legislators.

We currently have **contact details of state legislators in 8 states** – Anambra, Ekiti, Enugu, Lagos, Kano, Kwara, Kogi, Ondo.

VOLUNTEERS DO GOOD WORK

We engaged our network of 300 volunteers across the country on **2 major activities** which focused on:

- Collating **contact details of State Houses of Assembly** across the country. Despite efforts by volunteers in 9 states, **we only got needed details for Kano State.**
- Reviewing and getting feedback on the complaints process of Electricity Distribution Companies (DisCos) customer service in **10 states** - Akwa Ibom, Benue, Borno, Kano, Kwara, Lagos, Ogun, Osun, Oyo and Plateau. Information received was used to engage the DisCos and the Federal Competition and Consumer Protection Commission (FCCPC).

SUPPORT OUR WORK

EiE's Enablers

The task at hand is to build active citizens who understand their rights and responsibilities and CHOOSE to be actively engaged in the governance process.

EiE currently relies heavily on international donors. However, we believe that a community of Nigerians giving small amounts a month can help us meet our administrative costs and fund our programs on radio, online, university outreaches and town hall meetings.

We are building a network of **100** people who commit to donating at least **₦25,000** to EiE every month.

Not only is it a privilege to support citizen engagement, EiE will also do the following for its Enablers:

1. A yearly gathering of Enablers in Nigeria
2. Enablers' Hall of Fame
3. Discounted/Free tickets to our events or events hosted by our partners.
4. Automatic subscription to our weekly newsletter - ***Listen Up!***

You can give weekly, quarterly or yearly. (The platform allows recurring payments.)

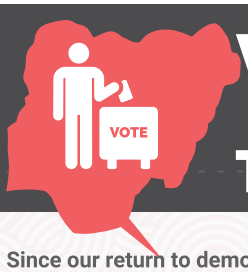

We invite you to support us as we work to ensure that Nigerians are engaged and aware of how to make governance work for the benefit of all.
